

CAPABILITY STATEMENT

Denali Data Systems, Inc.

Company Overview

Denali Data Systems, Inc., a WOSB-certified company, is a trusted provider of innovative data management and software development services. For over 27 years, we've empowered clients across industries with tailored solutions that drive operational efficiency, strengthen security, and support long-term growth. Our team specializes in web application development, system integration, and data-driven modernization.

Core Competencies

Custom Web Application Development

Tailored applications designed with your business goals, user experience, and security requirements in mind. We emphasize clear communication, agile development, and thorough testing.

Website Design & Development

From enterprise websites to microsites and e-commerce platforms, we build mobile-responsive, user-friendly digital experiences using modern design and content management systems.

Application Modernization

We update legacy systems using modern architecture to improve performance, reduce operational costs, and accelerate innovation.

Database Management

Custom data solutions that ensure integrity, scalability, compliance, and seamless migration from on-premises to cloud environments.

System Integration

We unify disparate platforms, tools, and applications to simplify infrastructure, increase process efficiency, and maximize business intelligence.

Systems Analysis & Strategic Consulting

Whether evaluating current systems or planning new deployments, we deliver actionable insights and partner as a trusted extension of your technology team.

Technical Expertise

We build solutions on Microsoft and Linux platforms, with deployments on-premises, in AWS, or hybrid environments.

Front-End Technologies

HTML, CSS, JS, Bootstrap, XAML, XML, .NET, WebAPI, REST, WPF

Database & CMS

MS SQL, Oracle, 4D, WordPress, SQL Server Integration Services, Winter CMS

Back-End & Frameworks

C#, ASP.NET, MVC, Node.js, Laravel (PHP), Entity Framework, React

Other Tools & Platforms

Salesforce/Pardot, AWS, Telerik/Kendo, Gatsby

Key Differentiators

- **Established Expertise:** 27+ years of proven success across sectors
- **Client-Focused Culture:** We listen first, solve second, and deliver with transparency
- **Adaptability:** Seamless integration with client teams, flexible delivery models
- **Innovation-Driven:** Continuous R&D into emerging technologies and best practices

Industries Served

- Government & Public Sector
- Healthcare
- Education
- Finance & Banking
- Manufacturing
- Retail & E-Commerce
